

# INDUSTRIAL STORMWATER ECOSS presents: 2018 MANAGEMENT WORKSHOPS

---

## Reasons to Attend:

- Get up-to-date with the WA and/or OR Stormwater Permit regulations and requirements
- Learn how to develop a Stormwater Pollution Prevention Plan (SWPPP), sampling plan and Spill Prevention and Emergency Control Plan (SPECP) (WA State Permit)
- Learn how to develop a Stormwater Pollution Control Plan (SWPCP), sampling plan and Spill Prevention and Response Plan (OR State Permit)
- Meet with professionals in the industry and get ideas and resources for meeting your tough stormwater challenges
- Our workshops provide an anonymous forum to pose your tough stormwater questions which in turn ECOSS will seek resources to help answer those questions
- Discover how other companies have reached compliance using a variety of Best Management Practices
- Gain practical insight and tools that you can apply to your stormwater management program
